

20 December 2017

To Whom it May Concern:

Re: Mario Modesto Mata – Confirmation of collaborative stay at University College London.

I hereby certify that Mr Mario Modesto Mata has spent three months – from 22nd September to 22nd December – developing his research at the Palaeoanthropology and Comparative Anatomy lab, Department of Anthropology, University College London (UCL). He has also developed additional practical skills, including the production of dental thin sections, under the supervision of Professor Christopher Dean, in UCL's Research Department of Cell and Developmental Biology.

As evidence thereof I issue this certificate in London on December 20th 2017.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'C. Soligo'.

Christophe Soligo, PhD
Head of Department, Anthropology; Programme Chair, Human Sciences.
